

SLIMLINE CABINETS

Slimline Cabinets come in 2RU & 3RU versions are intended for the smaller Patch Panel Hub installations that demand a more prestigious solution than the usual low budget approach.

They present a tidy, secure solution suitable for small office/home office (SOHO) applications.

With their low profile and heavily angled sides they are ideal for use in confined, high traffic areas like passageways and thoroughfares.

FEATURES

Security	Key lockable, so they need not be located in a secure area
Flexibility	Internally, provision is made for various configurations of rack panels, smaller hubs, stallion boards etc.
Vertical Stackability	4x50mm knockouts are provided in both the top and bottom to facilitate vertical stack mounting and inter-cabling between units
Cable Entry	Large cable entry openings are provided in the rear
Ventilation	Venting to the top and bottom front ensures low level heat will be dissipated
Material	Galvaneal Steel

OPTIONS

Gear Tray	Mountable to the inside rear
