

## SLIMLINE CABINETS

Slimline Cabinets come in 2RU & 3RU versions are intended for the smaller Patch Panel Hub installations that demand a more prestigious solution than the usual low budget approach.

They present a tidy, secure solution suitable for small office/home office (SOHO) applications.

With their low profile and heavily angled sides they are ideal for use in confined, high traffic areas like passageways and thoroughfares.

## FEATURES

<b>Security</b>	Key lockable, so they need not be located in a secure area
<b>Flexibility</b>	Internally, provision is made for various configurations of rack panels, smaller hubs, stallion boards etc.
<b>Vertical Stackability</b>	4x50mm knockouts are provided in both the top and bottom to facilitate vertical stack mounting and inter-cabling between units
<b>Cable Entry</b>	Large cable entry openings are provided in the rear
<b>Ventilation</b>	Venting to the top and bottom front ensures low level heat will be dissipated
<b>Material</b>	Galvaneal Steel

## OPTIONS

<b>Gear Tray</b>	Mountable to the inside rear
